

Trusted Domains anpassen

Die Datei /var/www/html/config/config.php bearbeiten.

```
<?php
$CONFIG = array (
  'passwordsalt' => [REDACTED],
  'secret' => [REDACTED],
  'trusted_domains' => [
    array (
      0 => 'localhost',
      1 => '192.168.178.41',
      2 => 'nextcloud',
      3 => 'nextcloud.localdomain',
      4 => 'INSERT THE DOMAIN YOU WANT TO ACCESS NEXTCLOUD FROM',
    )
  ]
);
```
